

Extend June 2 deadline for FCC final ruling on broadcast ownership rules.
Stop the FCC rush to remove caps on broadcast media ownership rules.
The ownership of the broadcast media is already far too concentrated in
the hands of a few large corporations. More diversity and local control,
NOT LESS.

We, the public, own the airwaves. Therefore, the FCC is obligated to
hold public hearings and to make available to us and to our congressional
representatives all relevant information about proposed changes.

Thank you,

Jim and Roxy Mattinson
